CAREER OBJECTIVE

As a final year student in automobile engineering, my career objective is to leverage my knowledge and skills to contribute to the innovation and development of cutting-edge automotive technologies. I aspire to pursue a challenging role in research, design, or production where I can apply my passion for automobiles to enhance efficiency, sustainability, and safety in the automation industry.

EDUCATION

2020-2024 B TECH AUTOMOBILE ENGINEERING

SRM INSTITUTE OF SCIENCE AND
TECHNOLOGY, KATTANKALATHUR
CAMPUS, CHENNAI, TAMILNADU

CGPA- 6.3

HSC - 2020

SRKV GURUKULAM RESIDENTIAL
MATRIC HR SEC SCHOOL

PERCENTAGE- 68.3

SSLC-2018

SRKV GURUKULAM RESIDENTIAL
MATRIC HR SEC SCHOOL

PERCENTAGE- 62

INTERNSHIP

RASI AGRICULTURE AND CONSTRUCTION EQUIPMENTS

- Secured a challenging internship, where I applied theoretical knowledge to real- world scenarios. Collaborated with dynamic team on vehicle testing, diagnostics, and performance optimization. Enhanced skills in CAD modeling and gained valuable insights into the automotive industry's latest technologies.

PROJECT

Fabrication of hybrid fiber reinforced poly lactic acid by
compression molding technique
